KRAMER TOO MUCH FOR IVER LAWSON

The Newark News publishes the following account of the match race between Iver Lawson and Frank Kramer:

"Kramer's match with Iver Lawson was much in the nature of taking candy from a small child. Lawson appeared to lack confidence, while Kramer had worlds of speed. He beat Lawson in the first heat, coming from behind in the home stretch and sprinting in ahead of him. In the second Lawson tried a runaway and got a jump of several yards on the second lap, but Kramer went and caught him, then passed him three-quarters of a lap from the tape and breezed in several yards to the goal.

"Clarke won the five-mile handicap, going out at the bell. Fogler coming fast down the homestretch was only a few inches behind. Paddy Hehir, with a pull from Walter Bardgett, took the two-mile invitation.

"Frank Kramer's chance of again winning the American national cycling championship was materially bettered as the result of the one-mile race. Kramer won the race, while Jackie Clarke, his Australian rival, finished third, and the point table as now computed shows Kramer with a total of 32 points, while Clarke has 35. This still gives the little Australian an advantage of one point with two races left, but it does not make Kramer's task as hard as it appeared. The American champion still has his work cut out for him, as he needs the two remaining races. Should Clarke win one and finish second in the other, the title will be his by one point, but he must do this much to earn the honors. Joe Fogler finished second, while Iver Lawson, who had been the fourth man in the final, was put out by a puncture on the first lap.

High School Fraternities.

Pupils Cannot Be Expelled for Not Signing Pledge Not to Join.

Adrian, Mich., Sept. 25.—Greek letter fraternities gained a favorable decision over the board of education yesterday when the Lenawee county circuit court decided that high school pupils could not be expelled from school for refusing to sign a pledge not to be members of secret societies.

As this was the first case under the law forbidding fraternities in public schools, Atty.-Gen. Bird was called into the controversy and he declared that the board of education had no power under the statutes to expel Wallace Hook, who brought suit after he had been expelled from school for refusing to sign the pledge.

Following the opinion by Atty.-Gen. Bird, the board of education did not file an answer to Hook's request for reinstatement, and the complainant's demand was granted. After the case was brought by the board, it passed resolutions depriving fraternity members of all privileges and honors in athletics, debates and other school contests.

TOURIST TRAVEL FROM WEST TO EAST INCREASING

Chicago, Sept. 25.—Railroad traffic officers assert that tourist travel from the west to the Atlantic seaboard was increased from 35 to 50 per cent last summer by the granting for the first time of reduced summer tourist rates. For the months of June, July, August and September, rates of approximately a fare and a half for the round trip were made, and these have now been extended to cover the dates of the Hudson-Fulton celebration in New York.

The increased travel to the east is regarded by railroad men as particularly gratifying, as western railroads were at the same time carrying unprecedentedly large numbers of passengers on account of the heavy travel to the Alaska-Yukon-Pacific exposition at Seattle.

SAW MARS' SOUTH POLE.

Chicago, Sept. 25.—Prof. Philip Fox, director of Dearborn observatory at Northwestern university, yesterday announced that on Thursday night he had an unusually good observation of the south pole of Mars, which is now only 35,000,000 miles from earth. Prof. Fox says the pole appeared to be a white peak, surrounded by an ice-clad area and apparently similar to the poles of the earth.

BULLROGS A LIVE POLITICAL ISSUE

Howell, Ind., Sept. 25.—Bullfrogs are at present a live political issue in Howell, which is surrounded by ponds teeming with frogs. At the coming municipal election an independent candidate with mayor with a platform advocating extermination of the frogs by filling in the ponds, will run against candidates of the Republican, the Democratic and Prohibition parties. Apparently the bullfrog party will elect its candidate.

INDICTED FOR CONSPIRACY.

Chicago, Sept. 24.—Indictments charging conspiracy were returned by the grand jury today against John J. Holland, secretary of the jury commissioners; Willis J. Babson, a real estate dealer; and Nicholas Martin, secretary to Alderman "Hinky Dinky" Kenna.

The indicted men were arrested sev-

Riley, Laurette and Robert L. Jr., also started.

2:07 class, trotting, purse \$1,200, three heats.—Faderewski won in straight heats. Time—2:05.4. 2:08.4. 2:09.4. Wilkes Heart and Sterling McGinney also started.

To heat 2:08.4, trotting.—(Chien won. Time by quarters—31, 1:02, 1:32, 2:02.4.

DEMARA HOLDS THE LEAD IN RACE

Kansas City, Sept. 24.—Demara tonight retained lead of 100 laps in the six-day, eight-hour bicycle race here and with but one more performance to hold his advantage, is a strong favorite. The positions of the riders are:

Demara, 814 miles, five laps. Williams and Hunter, 814 miles, three laps. Mitten and Morgan, 814 miles, one lap.

Stein, 814 miles, no laps. Palmer, 812 miles, nine laps. Crobs, 801 miles, 10 laps. Wells, 764 miles, 10 laps.

Bonds aggregating \$75,000, under which the accused men have been at liberty, have disappeared. The papers were in Judge McKenna's desk and State's Atty. Wayman admitted to-day that this desk had been broken into and the bonds stolen. Two women are said to be concerned in the theft.

Charges for the re-arrest of Holland, Rayburn and Martin were issued this afternoon.

THEODORE SHONTS SUED.

Charged With Alienating Affections Of Wife of Kentucky Distiller.

New York, Sept. 24.—Theodore P. Shonks, former chairman of the 18th man canal commission, has been sued for \$25,000 damages, according to the World, by Frederick F. Hipsch, New York manager for a Kentucky distillery. Mr. Shonks is charged with having alienated Mrs. Hipsch's affections.

Through Delancy Nicoll, his attorney, Mr. Shonks declares that the

suit is preposterous and is due to a strange case of mistaken identity.

Mr. Nicoll's suggestion that the Hipsch suit is due to an unusual case of mistaken identity led John F. Hartington, Mr. Hipsch's lawyer, to make the following statement:

"I am now examining a number of witnesses who are absolutely disinterested. I appreciate fully the importance of this matter, and if by any chance it should be established to my satisfaction that Mr. Shonks is the victim of mistaken identity the suit against him will of course, be dropped."

Hipsch and his wife separated Aug. 2 and a few days later he was served with a summons in a suit for separation brought by his wife.

PROHIBITIONISTS CELEBRATE FOUNDED OF THE PARTY

Chicago, Sept. 24.—The celebration of the fortieth anniversary of the Prohibition party was held here today. More than 1,000 out-of-town delegates were present.

"Forty years of victory," was the theme of the speakers, among whom was Eugene W. Chaffin, candidate for president in 1908.

DANISH PARLIAMENT ADOPTS DEFENSE BILL

Copenhagen, Sept. 24.—Both houses of parliament have adopted national defense bills which provide for the erection of forts north and south of the city and also at various points on the coast of Zealand to prevent a possible landing and surprise by a hostile force.

The existing land fortifications at Copenhagen eventually will be razed and the fleet will be further increased by the construction of torpedobots and submarines. The garrisons of Zealand, Jutland and the island of Funen will be strengthened.

Now the bills have been passed, it is expected that J. Ch. Christensen, minister of war and marine, will yield to public sentiment and resign. Recently there has been much agitation against his alleged connection with the scandal

arising from charges of corruption against Minister of Justice Albrecht last year, when M. Christensen was premier.

AMERICANS BUYING PAINTINGS IN EUROPE

Washington, Sept. 25.—Millions of dollars' worth of valuable paintings are being bought abroad by American millionaires for free entry under the new tariff law.

Treasury department advises show that one Philadelphia millionaire alone recently imported \$200,000 of these works of art. The law provides that works of art imported for free entry may be brought in free of duty provided accompanying affidavits show the age of the paintings. Another paragraph of the law provides for the entry of works of art over 10 years of age. The first paragraph has been construed to apply to paintings and everything except articles of utility and the second paragraph to articles of utility.

It is understood that private as well as public galleries are being greatly enriched by the operation of the new law.

NEGROES OBJECT TO ORIENTALS IN SCHOOLS

Marshfield, Or., Sept. 25.—The race question has embroiled this town's school system and as a result, the little son of Gow Why, a Chinese merchant, is the sole pupil of the school set apart for colored and oriental children. There are several negro children in the town, but their parents object to their being classed with orientals and insist on their being permitted to attend school with white children. This the school authorities will not permit.

NEW TARIFF BOARD CONSIDERING PLANS

Washington, Sept. 25.—The new tariff board conferred over its plans today for the first time. All the members, Prof. Henry C. Emery, Acting Secretary of the Treasury Reynolds and

Alvin Sanders of Chicago, were present. The session was devoted to preliminary organization. The board will assist the president in administering the law with a view to making a small encyclopedia of the tariff, list of articles abroad and there are to be ascertained as to the operation of foreign tariff exports of the United States and the operation of the United States tariff on exports and imports.
